Summary

As a web developer and designer with over two years of experience, I have worked on numerous projects for clients across various sectors. My self-taught and creative approach has allowed me to develop websites and applications with excellent user interface and user experience design. I am proficient in HTML, CSS, JavaScript, PHP, and CMS such as WordPress, and have strong communication and teamwork skills. In addition to my professional experience, I have also completed online courses in programming languages and received certifications from Microsoft. I am currently pursuing a bachelor's degree in computer science and am excited to continue learning and growing as a developer.

Experience

Web Developer

WizardNode LLC

Aug 2020 - May 2021 (10 months)

At WizardNode.com I took a Web Developer position as a part-time job, I've created, developed, and updated their website design with a perfect UI/UX.
